

Houston Jet Direct Expands Elite Fleet with Addition of New Learjet 75

FOR IMMEDIATE RELEASE

HOUSTON, TX – Houston Jet Direct (HJD) announces the addition of a second new Learjet 75 to its distinguished fleet of aircraft, available for charter beginning Tuesday, November 18, 2025. This strategic expansion reinforces Houston Jet Direct's commitment to providing aircraft owners and private air charter passengers with unparalleled service, reliability, and comfort.

The Learjet 75 represents the pinnacle of jet performance and luxury, featuring comfortable seating for eight passengers plus one. The aircraft is equipped with premium amenities including a fully enclosed private aft lavatory, forward galley with mini bar and snacks, monitor and entertainment system, and complimentary WiFi for text and talk. True to Houston Jet Direct's client-focused approach, the aircraft also accommodates pet-friendly travel.

"We are thrilled to add another high-quality aircraft to our already exceptional fleet of jets," said Alberto Castro, General Manager at Houston Jet Direct. "This expansion allows us to offer even greater service and expanded range to our clients, ensuring we continue to meet the demanding schedules of families, executives, and VIPs worldwide."

Houston Jet Direct has been providing an aviation lifestyle for discerning travelers since the 1950s, when the company was conceived from the need to conduct business efficiently across the country. Today, Houston Jet Direct serves both executive travel and personal luxury charters, offering premier services that cater to those who understand that time is a currency that cannot be refunded.

In addition to charter services, Houston Jet Direct provides comprehensive fleet management solutions for aircraft owners. Houston Jet Direct's proven expertise in aircraft management has earned the trust of owners who rely on the company's meticulous attention to detail, operational excellence, and commitment to maintaining the highest standards of safety and performance. This dual focus on ownership management and charter operations ensures that every aircraft in the Houston Jet Direct fleet meets exacting standards.

With experienced flight crews and a meticulously maintained fleet of state-of-the-art aircraft, Houston Jet Direct is available at a moment's notice to transport passengers wherever and whenever they need to go. This commitment to service, reliability, and comfort has positioned Houston Jet Direct as FIRST and BEST in class for over seven decades, continually ahead of its time in delivering exceptional private aviation experiences.

The new Learjet 75 is now available for booking. For more information or to reserve your flight, visit www.jetdirect.com or call (713) 454-1400.
